GABRIELLE KRUGER

INVESTEC CAPE TOWN ART FAIR 2026

Presented by Galerie EIGEN + ART

Gabrielle Kruger's research-led, process-based practice redefines the conventions of painting through radical experimentation with the materiality of acrylics. She re-imagines notions of 'landscape' and 'nature' through laboratory-like methods of experimentation and inventive painting techniques that transform paint into sculptural forms and the physical act of painting into performance. Her ecological reflections question the boundaries between nature and artifice, inviting dialogue on material life and the Anthropocene; creating new mythologies for our contemporary era.

Gabrielle Kruger was born in 1993 in Cape Town, South Africa, where she currently lives and works. After graduating summa Cum Laude from Stellenbosch University with a Bachelor of Fine Arts in 2015, she earned her Masters in Fine Arts with Distinction from Michaelis School of Fine Art at University of Cape Town in 2018, specialising in painting.

Her most recent solo show 'Blurred Lines', is an intimate presentation of both recent and earlier work at the Silo Hotel's Vault gallery space, curated by Brundyn Arts & Culture. Her debut solo show in Germany, wind swept paint at EIGEN + ART Lab in Berlin, was a culmination of living and making work for three months in Berlin in 2024. In 2023, her solo show Paint Innings with Brundyn Arts & Culture at Boschendal Gallery in Franschoek showed works from 2019-2023. Other solo shows include; Fifty Sounds, a three story exhibition of works by Gabrielle Kruger, Georgina Gratrix and Mongezi Ncaphayi at Gallery Kiche in Seoul (Korea) in 2022, Wait the Line at Smac Gallery in Cape Town in 2020, For Paint to Dry at SMAC Gallery in Stellenbosch, South Africa and Overgrowth at Marta Moriarty Art Window in Madrid, Spain; both in 2019; Garden Smoothie, collaborative exhibition with Marlene Steyn at SMAC Gallery, a solo exhibition as part of the Selected Graduates Section at Turbine Art Fair in Johannesburg, South Africa as well as her Masters Graduate exhibition, titled Underground Landscapes, at Michaelis School of Fine Art at University of Cape Town (UCT) in Cape Town; both in 2018.

In 2023 she completed a three month artist-in-residence program at GlogauAir in Berlin. In 2019, Kruger was the Artist-in-Residence at the Nirox Sculpture Park at the Cradle of Humankind in Johannesburg, South Africa, which culminated in a collaborative project between Kruger, The National School of the Arts and Nitrox Foundation to present a 'Painting Performance,' titled An African Adaptation of Shakespeare's Midsummer Night's Dream. Kruger presented numerous 'Painting Performances' in 2019, including Gucci Garden of Eden, curated by Elana Brundyn and Louw Kotze and performed by Students of the Cape Town Academy at the Norval Foundation in Cape Town, South Africa, as well as arteBOTANICA, curated by Manthe Ribane and performed by students of The National School of the Arts at the Nirox Sculpture Park in Johannesburg.
